📍 Noida,

Summary

Enthusiastic Software Engineering student with experience in frontend and backend development, database management, and networking. Passionate about building efficient, scalable, and intuitive applications while continuously learning emerging technologies.

Projects

Study Notion Platform (Learning Platform) | <https://studynotion-seven-chi.vercel.app/>

- Study Notion is an educational platform designed to enhance learning experiences for both students and instructors.
- **User Authentication and Authorization:** Secure sign-up and login processes for students and instructors, incorporating OTP verification and password recovery options.
- **Course Management:** Instructors can create, update, and delete courses, while students have the ability to browse, enroll in, and rate courses.
- **RESTful API Design:** Implements a RESTful API using Node.js and Express.js, facilitating efficient communication between the front-end and back-end systems.
- **Database Management:** Employs MongoDB for flexible and scalable data storage solutions, effectively handling user data and course content.

Shopcare (Instant Buy and Sell , Shopping Platform) | www.shopcare.in

- Developed **ShopCare.in**, a full-stack e-commerce web application using the **MERN Stack**.
- Implemented secure **JWT-based authentication** and **role-based authorization** to support both **buyers and sellers**.
- Built core features including **product search, category filtering, responsive browsing, buying/selling functionality**, and smooth **loading states** for enhanced UX.

Notes Web Application | <https://www.niunotes.store/>

- Launched a full-stack web application enabling users to securely upload, organize, and share notes, supporting real-time updates and mobile responsiveness.
- Integrated SEO best practices using dynamic meta tags and sitemap optimization, resulting in increased visibility on search engines.

Noida Admission Hub Platform | <https://noida-admission-hub.netlify.app>

- A responsive web platform for exploring Noida colleges with course info, admission guidance, and direct call support.
- Built using HTML, CSS, and JavaScript, with deployment on Netlify for seamless hosting.

Make & Send Notes as PDF Web Application | <https://www.makenotespdf.online/>

- Architected a responsive note-taking app with features to create, organize, email, and download notes in multiple formats.
- Created an intuitive UI tailored for students and professionals for seamless note management.

Technical Skills

- **Programming Languages:** C, C++, OOPs, Java
- **Development:** HTML, CSS, Tailwind, JavaScript, Bootstrap, React JS, Angular JS, Node JS, Express JS, Figma, WordPress, SQL, Postman.
- **Databases/Tools:** MongoDB, MySQL, Firebase, AWS, Azure, Render, Vercel, Netlify, Git, GitHub
- **Others:** DSA, Operating System, Networking, Typing

Internships

Web Designing | *Kunalitechnologies* | 1 month

- Created responsive, user-friendly web pages using HTML, CSS, and JavaScript.
- Improved performance and ensured cross-browser compatibility.

Academic Qualification

Bachelor’s in Computer Science & Engineering (Pursuing) Noida International University	📅 2023 – Present	CGPA – 9.2
Diploma in Computer Science & Engineering Jharkhand University of Technology	📅 2020 – 2023	CGPA – 8.53
High School Jharkhand Academic Council of Ranchi	📅 2019 – 2020	% – 87

Achievements
